

WORKERS' COMPENSATION CLAIMS ADVOCACY

Solving employer's Work Comp challenges with technology and world class customer service.

TECH-ENABLED WORKERS' COMPENSATION CLAIMS ADVOCACY

Only ESM provides the tech-enabled tools and training for employers to manage their injured employees while navigating through the complexities of their Workers' Compensation claims.

ESM's Claim Advocates provide our customers with expert advice and data supported reports to help employers make the most ethical, legal and financial decision when managing their claims.

ESM's Advocates facilitate strategic action plans with all parties and timelines for case resolution with reserve accuracy. All of which is tracked in real time and made available to the employer and broker within ESM's INSITE claims portal.

The ESM Advocates coach employers through the steps to timely achieve optimal and cost saving results, while complying with the often complex rules and regulations of Workers' Comp laws.

With over 40,000 claims managed, ESM is the industry leader in claims management.
